

6011

500°C High temperature resistant gloves, palm and tiger mouth reinforcement

DESCRIPTION:

- The highest thermal contact temperature is 500°C
- Flexible and firm, and its service life is 3-5 times that of traditional fabrics.
- New Aramid 1313 woven fabrics provide higher resistance to high temperature and wear

APPLICATIONS:

- Machine manufacturing / Ceramic firing / Steel industry / Smelting processing / Welding operation

6011-36cm
 CE

Technology Data	Multipurpose	M	Medium weight
Art. No	6011		
Structure	Sew		
Material	Aramid fiber		
Coating	-		
Surface effect	Reinforcement of palm and tiger's mouth		
Cuff Style	Straight cuff		
Length	360 - 450mm		
Colour	Yellow		
Size	360 - 450mm		
Package	1pair/ pack
