

# B-4031

## Super comfortable A8 fully immersed nitrile ultra-fine foam anti cutting gloves

### DESCRIPTION:

- The inner lining is knitted with the latest 21-g Hybrid Armorgard™ Bladex fiber, providing a more skin-friendly fit.
- The product complies with the European standard, achieving a cutting resistance performance of Grade F, and simultaneously meets the ANSI American standard with a cut level of A8.
- While maintaining hand protection performance, the gloves offer outstanding comfort, increased dexterity and flexibility.
- Featuring a full-hand dipped nitrile-fine foam coating, the gloves enhance abrasion resistance while strengthening slip resistance, providing broader protection coverage.

### APPLICATIONS:

- New energy / aviation processing / Automotive component assembly / mechanical manufacturing

Technology Data	 Cut resistance	M Medium weight
Art . No	B-4031	
Liner Gauges	21G	
Liner Material	Hybrid Armorgard™ BladeX fibers	
Coating Material	Nitrile	
Coating Position	Palm	
Cuff Style	Knitting cuff	
Colour	Black	
Size	M / L	
Package	1pair/bag, 12 pairs/dozen, 72 pairs/box	
Anti-skid Effect	Superfine foaming	

### TECHNOLOGY:
