

MAC846

Multi Purpose Anti-collision and Shock Absorption Protection Gloves Waterproof

DESCRIPTION:

- The anti-impact performance of the back of the hand anti-collision block can meet the level 2 requirements of the ISEA 138 standard. It is designed to cover the fingers and fingertips to reduce the damage caused by fingers being pinched.
- The improved cuff design makes it easier to put on and take off the gloves, and will not fall off easily during the process.
- 360° anti-cutting protection without dead angles for the hand
- The back of the hand material is thin and light, with good air permeability, which reduces the feeling of being hot when wearing; the design of the gloves fully considers the working conditions in a humid environment, and the moisture absorption of the outer material is reduced, so the gloves will not become bulky a humid environment

APPLICATIONS:

- Oil and Gas Drilling / Extraction and Refining / Hydraulic Fracturing / Tool Handling / Mining / Demolition / Heavy Construction / Rigging

Technology Data	Multipurpose	H Heavy weight
Art . No	MAC846	
Structure	Sew	
Liner Material	Hybrid Armorgard™ BladeX fiber	
Back of hand	Staircase cloth	
Surface effect	TPR	
Cuff Style	Safety cuff	
Length	270mm+-	
Colour	Yellow & Red	
Size	L / XL / XXL	
Package	1pair/pack , 50pairs/carton	

TECHNOLOGY:

hybrid
ARMORGARD
BLADEX
